

ARE YOU LOOKING FOR THE PERFECT GIFT FOR YOUR BUSY BEES?

Honeybee Centre Family Farm is curating the perfect **local** gift boxes for your sweet employees!

The gift of honey and beeswax are wonderful gifts that are unusual, thoughtful and unique. It's a gift made by thousands of worker bees, working together, exploring and pollinating flowers whilst collecting nectar. The sheer amount of work by the bees that goes into making a jar of honey or a piece of beeswax is awesome. In a world where we fill our lives and homes with disposable items, why not choose a gift that is delicious, healing and creative. With so many varieties to choose from, honey can be enjoyed as a pairing, on its own, in a beverage, as wound care and cosmetically.

KEEP IT SIMPLE

THE NOTE:

About Honeybee Centre

At Honeybee Centre we are a start to finish beekeeping organization. From beekeeping, both commercially and in the community, all the way to packaging and selling our honey and other products of the hive on our Country Store shelves!

Honeybee Centre has happily been a staple in Greater Vancouver for over 20 years. The core value of our family bees-ness, is to never stop learning and growing. Our education starts with children, field trips and public visits and grows right up to our Complete Beekeeping courses, crafty and sustainable programs and workshops (wax wrap making, candle making & chap stick courses) and unique learning experiences.

This gift is sustainable, eco-friendly and supports a small local business. Have questions about bees, honey, pollination or beekeeping practices? Honeybee Centre has the answers, and we would love to talk with you!

Visit us at www.honeybeecenter.com or on any of our social media platforms.
